DISCLAIMER

The Center for Spinal Disorders will attempt to schedule in-network providers for your surgical procedures.

As we cannot control when outside providers terminate contracts or if an emergency arouse forcing us to change providers to assist with your procedure, we cannot guarantee that other providers (ie: surgical assist/anesthesia) are going to be contracted with your insurance network.

If a provider used in your surgical procedure that is not in your insurance network you will be billed separately by that provider at an out-of-network rate. You will work directly with that provider regarding questions or payment information.

Thank you,
